SECRET

23 January 1973

MEMORANDUM FOR: Chief, Western Hemisphere Division

SUBJECT:

Project [REDACTED] Renewal FY 1973

1. This concern support for the two splinter groups from the original Radical Party and covers not only the FY 73 Renewal but also a second amendment for FY 72 necessitated by still more 40 Committee authorizations after a first amendment had been required in March 1972 to cover earlier 40 Committee authorizations. Attached is a summation of how the bidding went.
2. The project clearly describes the intent and effectiveness. The need to show how each faction was separately authorized funding by the 40 Committee at different times throughout the project year is difficult to present clearly and is extremely well done under the circumstances.
3. The 40 Committee has already approved all the FY 72 and FY 73 funds mentioned herein except for a small portion [REDACTED]
[REDACTED] which are not normally included in our presentations to the 40 Committee and are taken from [REDACTED] funds [REDACTED]
